

## **Golf update 7-8-2020**

Golf at Wintergreen Resort has continued to respond to the COVID -19 threat in and around our area of the Blue Ridge. The resort will abide by the guidelines outlined by the CDC and Virginia Governor Ralph Northam's Executive Order unless amended or rescinded by a further executive order. We are all aware how quickly the COVID-19 environment changes as a result this update may change at any time.

The following provisions have been put in place at the Stoney Creek and Devils Knob Golf Courses. Our goal is to provide the safest of environments that we can for our members and guests.

- Stoney Creek golf course is open to the public and accessible to Wintergreen members and guests of members. Tee times reservations may be reserved at (434) 325-8250. The Stoney Creek golf shop will be open daily from 8:00 am to 4:30 pm.
- Devils Knob golf course is accessible only to Wintergreen members, guests of members and resort guests.
- Tee times will be spaced out to 15 minute intervals.
- Tee times will be available daily from 8:30 am – 4:00 pm. All players must check in with the golf shop prior to their round
- When taking a golf cart, single riding of golf cart is allowed and spouses and family members may ride together. Carts taken on the course in the afternoons MUST be in by 6:00 pm
- Members may walk but are subject to the approval of the facility's golf professional as to times that are permissible. Walking fees for those members without a golf pass will still apply and fees are posted in the golf shop. Personal pull carts are allowed but we ask you to keep them off the tees, greens and fringes of the holes being played.
- Cart cleaning and disinfecting in designated areas at both golf courses continues to be our primary concern as carts are disinfected and cleaned in the mornings and afternoons. It is advisable however to bring your own disinfecting wipes.
- The golf staff will continue to not have a service attendant at the bag drop area, members must load and unload their own clubs.
- Bunker rakes will continue to be off the course and flag sticks have been configured in the cups with a secondary insert and foam wedges to prevent the ball from falling to the bottom of the cup (see picture below).

- Cups in the practice putting green have styro foam that make it easier to lift the ball out of the cup with two fingers.
- Golf shop is open for retail purchases and it is a requirement to wear a mask while the shop and during the check in process.
- Carts while parked at the Driving range area MUST be parked at least 6 feet apart.
- Gatherings of any sort must adhere to the most current phase mandated by the state of Virginia and the Executive Order of the Governor. These areas would include the Stoney Creek Bar and Restaurant veranda as well as the Devils Grill patio area.

Thank you in advance for adhering to our course guidelines and staying safe while playing golf at the Resort.
