NATURAL HAIR GROWTH STARTS WITH A HEALTHY SCALP

Hydrafacial Keravive is skincare for your scalp, using Hydrafacial's Patented Vortex-Fusion Technology, designed to promote thicker, fuller and healthier hair.

PURIFY

Stimulates and opens hair follicles with light suction and gentle exfoliating Hydrafacial tip, removing excess oil and debris like dead skin cells and product buildup.

NOURISH

Infuses hair follicles and the scalp with hydration and rejuvenating peptides, leaving a refreshed and hydrated microbiome to support natural hair growth.

BOOST

Enhance and extend the treatment with our peptide take home product which supports natural hair growth post treatment.
